

Manager of Infrastructure

The City of Thompson is seeking a Manager of Infrastructure to join our executive team and invites qualified applicants to submit a resume for consideration:

The City of Thompson is committed to establishing the appropriate infrastructure to promote the continued growth of this dynamic city which is the prime service centre supporting central and Northern Manitoba. The Manager of Infrastructure coordinates and implements the delivery of technical services to the City based on the policies adopted by City Council. This position plays a central role in the implementation of the Utility's Capital and Surface Capital projects and ensures that planning for replacement, acquisition, maintenance and improvements to the City's infrastructure and assets is completed.

Supervision and leadership experience in a municipal environment and a post-secondary degree in Civil Engineering field with an emphasis on Project Management, and experience in human resource, financial management, planning and administration are required.

The successful candidate will have membership or be eligible for immediate membership as a registered Professional Engineer (P.Eng.) with the Association of Professional Engineers and Geoscientists of The Province of Manitoba (APEGM). Civil Engineering Technologist certification will be considered with experience required.

The salary range for this position is \$74,630.40 - \$85,300.80, and the right candidate can expect a salary that reflects their level of experience. The City of Thompson also offers an extensive benefits package.

Please send detailed resumes outlining experience, education, qualifications and references by Friday, October 19, 2018 at 4:30pm.
