

# Come Live Our Values

## Int. Geologist, Mine

Cigar Lake, SK

### Position and Responsibilities

Cameco is looking for a motivated and ambitious individual to join our geology team at the world's second largest high grade uranium deposit, located at the Cigar Lake operation in northern Saskatchewan.

Reporting to the Senior Mine Geologist, your responsibilities will include acquisition and management of diamond drill core logging, recording data into the database and ensuring the accurate selection and shipment of core samples. You will also have oversight for underground tunneling, provide guidance on development, ground conditions and ensure prints are followed. You will be responsible for recording and reporting NATM activity, underground mapping of development headings, computerized data management, data quality assurance/quality control (QA/QC) and radiometric probing.

### Requirements of the position

- Bachelor's degree in geology or geological engineering
- Minimum of two years of relevant geological/mine geology experience (core logging, underground geological mapping)
- Experience working in an underground work environment
- Strong verbal and written communication skills, excellent computer skills and the ability to work independently and in a team environment
- Ability and willingness to perform manual labour, including heavy lifting, as required for this position
- Valid class 5 driver's licence
- Safety-oriented work attitude
- Work a rotational schedule, including night shift, and commute to site by aircraft

### Assets:

- Eligible for membership with the Association of Professional Engineers and Geoscientists of Saskatchewan (APEGS)
- Experience with Vulcan software
- Two years of experience as an underground production geologist.

Preference will be given to Residents of Saskatchewan's North (RSN).

#### We offer:

- competitive pay
- superior benefits
- employee share ownership plan for all employees
- Live Better wellness program

*Cameco values diversity. In keeping with this principle and our employment equity goals, we particularly encourage qualified applicants from the designated equity groups to apply.*
