Our History:

VAW Systems Ltd. is an international leader in designing and manufacturing noise control equipment and filtration equipment for fans and gas turbine engines. For over 50 years, we have been building high-quality custom products for customers around the world.

VAW is pleased to offer its employees competitive pay, a comprehensive benefits plan including health, dental and vision coverage and employer-paid premiums. We also provide a company-matched RRSP program, Employee Assistance Program, on-the-job training and potential for advancement within our organization.

Your Opportunity:

VAW is currently seeking an energetic and talented individual to fill the role of **Design / Manufacturing Engineer**. Working with our Engineering team in Winnipeg, this individual will be responsible for supporting the Turbine Product Division as well as the Engineering Production Team. The ideal candidate thrives in a team environment, is an independent self-starter, and strives for excellence.

Responsibilities:

- Work with the team to establish performance and design criteria
- Develop and document design concepts
- Evaluate design for structural integrity and manufacturability
- Interpret customer specifications and building codes
- Create manufacturing drawing packages, including assembly & part drawings, flat pattern development, shear lists & bill of materials
- Standardize and improve existing product designs
- Support VAW's continuous improvement initiatives
- Develop an extensive knowledge of manufacturing capabilities and techniques

Skills and Qualifications:

Required:

- Minimum 5 years of product design and manufacturing engineering experience
- Bachelor's degree in Mechanical Engineering
- Experience using Inventor, AutoCAD, and MS Office
- Self-motivated, eager to learn, positive attitude and a commitment to continuous improvement
- Problem-solver with the proven ability to meet goals and deadlines and balance the needs of internal and external customers
- Demonstrated strong leadership, communication, and interpersonal skills
- Adaptable, flexible, dependable, patient, persistent, observant, and quality-focused
- Strong team player who can work with employees at various levels within the organization

If you feel you are the ideal candidate that is needed for this role, please send your resume, along with a cover letter and salary expectations in confidence to: hr@vawsystems.com.

Closing date of this job posting: Monday, September 27, 2024.

We appreciate your interest in VAW Systems, however only candidates who are already eligible to work in Manitoba will be considered. **Only candidates selected for an interview will be contacted.**
